PRACTICE GROUPS

- **Construction and architects' law**

SECTOR GROUPS

- **Renewable energies**

EXPERTISE

- Project development and project management law
- Energy law

Aylin advises private investors and public principals on all issues surrounding project development. Her key practice area is energy projects, in particular wind and solar parks. She advises on all civil law issues (in particular on the securing of land and the construction and operation of plants), on project structuring, contract drafting and project transactions.

Curriculum vitae

- Studied law at the University of Regensburg from 2011 to 2015, with a focus on European and International Law
- Legal Clerkship at the Higher Regional Court of Nürnberg including a seat with the German Federal Foreign Office, 2016 to 2018
- Lawyer and in-house lawyer since 2018
- Lawyer at Kapellmann in Munich since 2023
