**Expertise**

- Corporate law/M&A
- Corporate compliance
- Intellectual property and unfair competition law

Christine advises partnerships and corporations on all aspects of corporate law. Key areas of her expertise include structuring and establishment of companies as well as supporting companies in implementing compliance structures, conducting compliance audits and, if necessary, taking legal proceedings. Moreover, Christine assists with domestic and cross-border transactions (M&A).

Christine furthermore advises companies on all aspects of intellectual property law, in particular on designation rights and the law against unfair competition. This includes the review and legally compliant design of advertising measures.

Christine speaks German and English.

**Recent Work**

- Advising a company in the aviation industry on the acquisition of another company
- Advising UK based HENI Group on various strategic transactions in Germany
- Advice to a company active in the area of trading with chemicals in the context of the participation of a financial investor as atypical silent partner
- Advice to a company on a demerger of 22 properties and the restructuring of the operating business
- On-going advice on compliance matters to different subsidiaries of a DAX-company

- Numerous shareholder disputes in limited liability companies and partnerships including the liability of managing directors
