Expertise

- Construction contracts
- Project development and project management law
- Plant engineering law
- Finance and banking law
- Corporate law/M&A

Dr Wust advises on all aspects of project development. A key practice area is energy projects, in particular wind and solar farms, relating to which he also assists in financing matters and transactions. Furthermore Dr Wust regularly advises on all questions of contract drafting, contract management and claim/anti-claim management related to construction and plant engineering projects. His clients include project developers, principals and construction companies as well as purchasers and operators of energy projects.

Recent work

- Project advice on the development, permission and construction of numerous wind park projects
- Advising purchasers and sellers on the acquisition of renewable energy plants including project rights (ENOVA-Group, Allgäuer Überlandwerke GmbH)
- Regularly representing clients in legal proceedings on environmental law before the administrative courts
- Drafting of investment prospectuses for the public sale of shareholdings in wind- and solar projects and accompanying the approval procedure before the Federal Financial Supervisory Authority (BaFin)

- Advising of a leading operator of nursing homes on the construction of nursing homes

Further qualifications and memberships

- Lecturer at the Deggendorf Institute of Technology, departments: civil engineering, resources and environmental management
- Member of the Juristischer Beirat des Bundesverbandes Windenergie e. V.
