### EXPERTISE

- Project development and project management law
- Construction contracts
- Plant engineering law
- Energy law
- Public law

Bernd advises on all issues surrounding project development. A key practice area is energy projects, in particular wind and solar farms, where he also provides support for financing and transactions. He also advises on construction and plant engineering projects on all aspects of contract drafting, contract management and claim management. His clients include project developers, property owners and construction companies as well as purchasers and operators of energy projects.

## What others say

**„ Recommended lawyer for environmental and planning law; ‘The work of Dr Bernd Wust, LL.M. should be particularly emphasised here. His expertise, reliability and extremely pleasant demeanour are second to none.’ “**

Legal 500 Germany 2022 and 2023

## Recent work

- Providing project advice on the development, approval and construction of numerous wind farm projects
- Advising buyers and sellers on the purchase and sale of renewable energy plants including project rights (e.g. ENOVA-Gruppe, Allgäuer Überlandwerk GmbH)
- Providing ongoing litigation support in environmental administrative disputes
- Preparing various sales prospectuses for investments in wind and solar projects and providing support in the approval process before the Federal Financial Supervisory Authority (BaFin) (BaFin) (e.g.: Windpark Morbach (RP), Windpark Berg (BY), Windpark Ohmenheim (BW))
- Providing ongoing advice to property developers on project developments
