EXPERTISE

- Project development and project management law
- Construction contracts
- Plant engineering law
- Energy law
- Public law

Dr Wust advises on all aspects of project development. A key practice area is energy projects, in particular wind and solar farms, relating to which he also assists in financing matters and transactions. Furthermore, Dr Wust regularly advises on all questions of contract drafting, contract management and claim/anti-claim management related to construction and plant engineering projects. His clients include project developers, principals and construction companies as well as purchasers and operators of energy projects.

What others say

„ Recommended lawyer for environmental and planning law; The work of Dr Bernd Wust, LL.M., should be particularly emphasised here. His expertise, reliability as well as his extremely pleasant manners are unparalleled.' “

Legal 500 Germany 2022

Recent work

- Project advice on the development, permission and construction of numerous wind park projects
- Advising purchasers and sellers on the acquisition of renewable energy plants, including project rights (ENOVA-Group, Allgäuer Überlandwerke GmbH)
- Regularly representing clients in legal proceedings on environmental law before the administrative Courts
- Drafting of investment prospectuses for the public sale of shareholdings in wind- and solar projects and accompanying the approval procedure before the Federal Financial Supervisory Authority (BaFin)
- Regularly advisory of sponsors to project development
