- Offshore Wind

EXPERTISE

- Procurement law
- Construction contracts
- Law of architects and engineers
- State aid law
- Public funding and subsidy law
- Public law

Hauke advises principals and contractors on all aspects of public procurement law and represents them in review proceedings before public procurement tribunals and public procurement senates of the higher regional courts.

A key practice area is the design of target-oriented procurement structures for complex and high-volume construction projects in the public sector. Hauke also has extensive experience in the practical drafting of construction and planning contracts as well as in providing legal advice during the construction phase. In addition, Hauke advises on state aid law and public funding law issues as well as public construction law matters.
