EXPERTISE

- Data protection law
- IT law
- Intellectual property and unfair competition law
- Construction contracts

Dr Maaske advises companies on all data protection and IT law related questions. In this context, she focuses on the implementation of the European General Data Protection Regulation (GDPR), the drafting of data privacy contracts and privacy notices as well as the drafting of IT contracts. In addition, she assists clients with technology-based projects, in particular, in the area of smart building. Further key areas are the preparation and assessment of internal company policies, employee data protection and the coordination of international data transfers. Dr Maaske also advises in the field of intellectual property and unfair competition. In addition, Dr Maaske advises on private construction law. Her activities include, in particular, the drafting and development of contracts as well as the legal enforcement of claims in court.

Recent work

- Advising multinational companies from the information technology sector, inter alia, on international data transfers
- Drafting and adapting data privacy policies, data protection contracts and privacy notices
- Support companies in the event of a data breach
- Advising companies on all aspects of employee data protection
