- **Real estate law**
- **Plant engineering law**

SECTOR GROUPS

- **Airports**
- **Trade and logistics**
- **Green contracts**

EXPERTISE

- Plant engineering law
- Law of architects and engineers
- Construction contracts
- Real estate law
- Corporate compliance
- Project development and project management law

Kerstin provides comprehensive advice on complex plant engineering, construction and real estate project as well as compliance issues. This includes drafting and managing all project-related contracts including architects', engineers' and project management contracts as well as providing real-time advice during all phases of a project.

A further key practice area is advising on facility and building management. She represents clients in negotiations as well as before courts and arbitral tribunals, as well as being active in out-of-court dispute resolution and mediation.

What others say
