EXPERTISE

- Construction contracts
- Law of architects and engineers
- Mediation/alternative dispute resolution
- Project development and project management law
- Legal management for large-scale projects JurProM®
- Plant engineering law

Prof. Dr Jung provides comprehensive legal support for contract drafting and project execution in both, the construction and real estate sector. His key practice areas include legal project management JurProM® in construction and architects' law, project support in the establishment, use of shopping centres as well as residential construction projects and infrastructure projects. In these areas, he also acts as mediator and arbitrator. Moreover, he represents parties before the state courts.

What others say

„ Frequently recommended for private construction law; 'experienced and goal-oriented negotiator', competitor “

JUVE Handbook 2022/23

„ One of the most frequently recommended lawyers for construction law and real estate law “

Handelsblatt/Best Lawyers® 'Germany's Best Lawyers 2022'

Recent work
