- › **Construction and architects' law**
- › **Plant engineering law**

SECTOR GROUPS

- › **Project management**
- › **Renewable energies**
- › **Power plant construction**

EXPERTISE

- Plant engineering law
- Construction contracts
- Law of architects and engineers
- Legal management for large-scale projects JurProM®
- Mediation/alternative dispute resolution

Prof. Dr Steding advises principals and contractors on questions relating to the structuring of procurement processes, contract drafting and contract management including claim management. This includes, alongside the preparation and management of contracts, the implementation of claim and contract management structures for projects and companies. A further key practice area is the provision of internal and external training courses and workshops on these topics.
