EXPERTISE

- Public law
- Commercial lease law
- Real estate law
- Notary's office

Stefan advises national and international property owners, property developers, owners of residential and commercial property as well as municipalities and municipal companies on construction planning, building regulations and environmental law as well as on issues relating to monument protection and neighbour rights. This includes questions of renewable energy law. In addition, he advises banks, international fund and investment companies on legal issues at the interface of tenancy law and public construction law as well as on property transactions in connection with rented properties. As a notary, Stefan provides his clients with bespoke contracts in the field of real estate law.

What others say

„ Recommended for environmental law and planning law “

Legal 500 Germany 2024

„ Expert in contaminated sites law with an exceptionally calm and confident negotiating manner “

JUVE Handbook 2006/07
