Expertise

- Construction contracts
- Law of architects and engineers
- Legal management for large-scale projects JurProM®
- Mediation/alternative dispute resolution

Prof. Dr Markus advises and represents contractors and principals on all questions of contract drafting, contract management and in the in-court and out-of-court implementation and defence of claims. A key practice area is the integrated legal and construction business advice on complex change orders and fault matters in close cooperation with the other internal and external construction advisers of his clients.

What others say

Recommended for private construction law, especially in the area of tunnel construction – JUVE Handbook 2013/14 to 2019/20

Lawyer of the year for construction law (Bavaria, 2018) and real estate law (Bavaria, 2019) – Handelsblatt/Best Lawyers® "Germany's Best Lawyers"

"Clients say of the 'quick and intelligent' Jochen Markus: 'He is highly specialised in construction and technically very knowledgeable. He understands the problems we have and can put a plan into action to solve them'." – Chambers Europe 2015

Recent work

- Stuttgart 21, Lots 1A and 1B – Fildertunnel and Tunnels Ober- und Untertürkheim: project advice to the construction contractor consortium
